Woodland Hills Country Club

Established 1925

My husband and I chose to have our wedding at the Woodland Hills Country Club for one big reason--the coordinator Rebecca. When we were checking out venues throughout the San Fernando Valley, none of the venues offered a day-of coordinator like Rebecca. We were originally planning to have 400 people at our wedding (I have a huge family) and my husband and I willingly cut down our guest list to 250 JUST SO that we could have our wedding at the WHCC. She really walks you through what you need to be doing 'til the day of the wedding and has a couple of crucial meetings with you right before to make sure you're on track. She was exactly what we needed for planning the wedding thoroughly. As for the day of, it was honestly the best day of my life all thanks to Rebecca. Everything went soooo smoothly and I'm sure she even secretly handled some issues that came up that we don't even know about.

Words cannot describe how grateful we are for having Rebecca as our coordinator. Rebecca is truly great at her job and has excellent skill sets. She genuinely cares and has wonderful ideas. She is extremely organized and, as a scientist, I really valued this. Her immense experience allows her to troubleshoot on the spot. We trusted her enough on the day of that my husband and I just let go and had the best time ever without worrying about anything!!!

As for the venue itself, it is magnificent! Our photos look surreal. The club is a little piece of heaven hidden in the valley. In addition to Rebecca, all the staff at the club are super friendly and the food was excellent. My friends also said that the bartenders served "strong drinks" ;).

Warning! Only use this venue if you really want the best, most memorable wedding experience ever!!!! Rebecca, my WHCC coordinator, went over and above what I expected! She gave me that calmness I needed because I knew I could trust her and she knew what I wanted. She never questioned me and just made the magic happen! The food was incredible! The staff, professional and accommodating! The setting, spectacular! I would do it all again just because I had more fun than I've ever had in my life! I was my own wedding planner; however, after my first meeting with Rebecca, it was quite clear that the vendors she suggested to the detail of the event, she had it all down! Her recommendations paid off, I had the best of everything! Because she is so well respected in the industry, all vendors worked hard to not let her down! They did not disappoint! Woodland Hills Country Club is a beautiful venue! From pictures on the green to a "wow" ballroom for dinner and dancing! My new husband and I are older and have been together for some time. We have grown children from previous marriages, and have had the same set of friends for a very long time. Both families embraced each other long ago so the wedding was simply a formality of a life together that already exists. A Vegas wedding seemed more appropriate. After announcing our engagement, we realized how important this event was to everyone. For that reason, it became, "Go big or go home, ". We did an "old Hollywood" theme. Let me say that we returned from our Bora Bora honeymoon yesterday and after 8 days of being away, the mail box was full of "thank you" cards from guests saying it was the most wonderful event they have ever attended and how thankful they were to have been on our guest list! You must know that we had around 200 in attendance with the majority of them having to fly in from all over the US. I was pleasantly surprised to be receiving "Thank you" cards! Thank you Rebecca and WHCC for not only putting on an event that our guests did not regret attending, but one that was so incredible they were compelled to send thank you cards for the experience! Although I was not a "young bride", I felt young and beautiful by the royal treatment and attention to detail given us by the WHCC and Rebecca!!!! Can't go wrong with this venue no matter what age, theme, number of guests, etc. Simply the best!!! Hands down!!!!
